Georgia Gulf Corporation Selects ISNetworld for Contractor Management

ISN Expands Chemical Client Base

DALLAS, Texas (July 1, 2011) — ISN is pleased to announce that Georgia Gulf Corporation has selected ISNetworld to enhance its Environmental, Health, Safety and Security management processes for its Plaquemine, Louisiana operations.

Georgia Gulf Corporation is the leading North American manufacturer of two integrated chemical product lines: chlorovinyls and aromatics. Being part of the safest manufacturing industry in North America, Georgia Gulf operates at the highest levels of safety to benefit their employees and surrounding community. The vision for Georgia Gulf Corporation is to create value for its stakeholders and employees, while continually striving to achieve a higher standard in safety, integrity, innovation and sustainability.

“ISNetworld will help advance our current process for managing health, safety and procurement information for new and existing contractors,” said Tom Massey, Georgia Gulf Corporation Purchasing Manager. “Working with ISN will also support Georgia Gulf’s standards in our contractor prequalification and continual improvement processes.”

“Georgia Gulf Corporation’s commitment to safety, the environment and their community sets the stage for achieving and maintaining their contractor management goals,” said ISN Chemical Team Lead, Adam Logan. “We look forward to working closely with the employees and contractors at the Plaquemine facility throughout their implementation of ISNetworld.”

About ISN

ISN provides an online contractor management database, ISNetworld, which is designed to meet internal and governmental record keeping and compliance requirements. ISN collects health and safety, procurement, quality and regulatory information for more than 33,000 contractors and 210 Owner Clients. Through its Review and Verification Services (RAVS), ISN’s subject matter experts review and verify contractors’ self-reported information, incorporating a level of due diligence to the process. Contractors also use the system to manage internal training and recording keeping requirements. For more information, visit www.isnetworld.com.
